Corporation, and the means best calculated to enforce a due observance of the laws. At the conclusion of his remarks, the Mayor read the following order, issued by Col. Bear:

The following accounts were presented, allowed & ordered to be paid:

Mayor's Office, Harrisonburg Va.
Nov. 21, 1865.

A called meeting of the Common Council of Harrisonburg was held this morning at the Office of the Mayor. Present, J. J. Lucas, Mayor, and Councilmen M. Harvey Effinger, A. St. C. Spindle, Henry Ott, J. H. Kenerly, and Wm. McK. Waitmann. Absent, Councilmen John Messerly and C. C. Strayer.

The Mayor stated the object of the meeting to be to take in To consideration the alarming state of lawlessness abroad in the Corporation, and attempt on the part of several citizens to arrest the due administration of justice. He stated that on Monday evening Nov. 20, 1865, an offender against the Ordinances of the Corporation and a violator against the peace and dignity of society, had been forcibly and violently rescued from the hands of the Officer of the Corporation, and the life of the Mayor and Officer both threatened if they attempted To exercise their proper functions. That this act was participated in by citizens of the town & county and such was the formidable character of this attempt at resistance, that for

a time being the laws of the Corporation were virtually suspended, & mob spirit ruled the hour. On motion, Dr. S. S. Coffman was called in, and at the request of the Council, stated that he witnessed the disgraceful occurrences alluded to by the Mayor, & advised the most summary proceedings against the ring-leaders & other offenders, as necessary to the future peace and welfare of the Corporation.

On motion of A. B. Rick, M. Harvey Effinger & A. St. C. Spitzer, were appointed a Committee on behalf of the Mayor & Council to take such steps, as may by them be deemed necessary to vindicate the Majesty of the law, insure the future peace and good order of the Corporation, and bring the authors of the Mob on Monday evening to proper punishment.

On motion the Council adjourned to meet again at 6 o'clock P. M.

Therefore resolved, that Philo Bradley and J. W. Price be are directed to contract for the repair of said engine and to purchase two hundred feet of new hose.

On motion of same it was ordered that an appropriation of Six hundred dollars be made for repair of engine purchase of hose &c.

The Committee appointed to confer with the County overseers

of the Poor furnished the following report which on motion of of Dr Newman was adopted.

" To the Common Council of the Town of Harrisonburg.

Your Committee to whom was referred the following resolution to wit "'Resolved, that the Common Council of the Town of Harrisonburg hereby determine to keep their Streets in order except turnpikes passing through said town and that they will support their own poor'" beg leave to report the following.

Your Committee would most respectfully beg leave to call the attention of the Council to the report of the Committee on Streets already before your body for information upon the subject of keeping the Streets in order, and ask that they may be discharged from the further consideration of that part of the above resolution.

As to providing for the paupers of the town, your Committee have endeavored to procure all the information on the subject possible, and after Consultation with Henry J. Wartmann Esq Overseer of the Poor for this District, we estimate that the cost of providing for all the paupers of the town will not exceed two hundred dollars per annum.

We are informed by the Overseer of the Poor that very few persons from the Town are supported at the County Poor House and that heretofore the Cost of providing for them has not been over $100 or $150.

As to the mode of providing for them, Your Committee are of opinion that if it is not the pleasure of the Council to build or rent a poor house, that arrangements can be made with persons to keep any paupers we may have at the rate of about $75 per annum.

Your Committee further reports that there is about 400 tithables in the town, about 100 of whom are delinquents, leaving 300 tax-paying tithables. The County and Parish poll tax together for the present year is $3.50 making $1050. paid by the Town for County and Parish purposes, in addition to 50 per cent of the State tax on real and personal property, the exact amount of which your Committee have no means of approximating. From the above it will be seen that whilst the cost of providing for our own paupers will not exceed $200 the town is paying to the County and Parish $1050. on poll tax and 50 per cent of the State tax on real and personal property.

Your Committee are of opinion that it will be much cheaper for the town to provide for its own poor and keep its Streets in order, than to pay the County and Parish taxes and would therefore recommend the adoption of the resolution. Respectfully submitted"

"To the Mayor & Council
of Harrisonburg

As the Administrator of John H. Peyton I loaned the Town, a number of years ago five thousand dollars

The principal money has been due for ~~a number of~~ several years & there is now in arrear & unpaid seven hundred dollars of interest.

Learning that the Town was unable to pay up the interest in arrear I proposed to them to begin paying interest on 1st July 1868 & thereafter as it should accrue & to fund the arrears of interest in an obligation bearing interest & payable in the year 1869 or at the latest on 1st Jan. 1870

I understood that this proposition would be acceded to as soon as the real amount in arrear could be ascertained & on that expectation I advanced the amount to the present owner of the bond

I am now informed that although my draft for the July interest was paid the Council refuses to fund the interest in arrear

I beg leave respectfully to enquire whether I am correctly informed of the action & purpose of the Council & to avoid misapprehension I ask an official reply

Respectfully
John B Baldwin

The Mayor stated the special business of the meeting to be take into consideration the propriety of executing the bond the Town to John B. Baldwin for the interest (#700) on his claim against the Town with interest from date payable on the 1st day of January 1870

Mr Newman then called up his resolution offered at the last meeting of the Council and which had been laid upon the table, directing the Mayor to execute the bond of the Town to John B. Baldwin for #700 seven hundred dollars the amount of interest due him Col Baldwin on his claim against the Town, said bond to bear interest from date and payable on the 1st day of January 1870.

Mr Yancey then offered the following substitute for Mr Newmans resolution

"Ordered that the Clerk of the Council be directed to acknowledge the receipt of Col. John B. Baldwins letter dated the 23d day of November 1868, and to inform him that the Council has heretofore acted upon his proposition to fund the interest due on the debt referred to in his Communication and see no reason for changing their position in regard thereto. That the Council has never signified its intention or willingness to accede to his proposition to fund the interest in the manner he speaks of, that his information in that regard is wholly at fault and unauthorised by any action of the Council, and that the only proposition brought before the Council was one to fund the interest on the debt in question by giving an interest bearing bond payable in January 1870, which proposition was rejected by a very decided majority"

Report of George J. Kisling Esq. County Surveyor

"The following is a report of surveys made in the Town of Harris-
"onburg at different times during the months of April & May 1871
"at the request of the Town Council of sd Town, to ascertain as near as
"possible the true boundaries of certain lots. To do this, I began at a
"Stone at the intersection of Irish or Main Street and Water Streets
" at letter "A", at the Effinger House, which has always, (so far as I
"know) been acknowledged as a true Corner, thence with the South-
"side of Water Street & Crossing Irish or Main Street, and the Creek
"to where Water Street intersects West Street, & after different trials
"established that line. Thence measured at right angles to the
"above mentioned line, North, 33 feet (the width of Water Streets)

" & running it parallel with the line above spoken, established the proper
" Width of Sd Water Street; this I Considered ~~I Considered~~ my first base
" line running East & West. Then began on the South side of Water where
" it intersects (at B.) German Street & proceeded to establish a base line
" running North & South, as far as the South side of Elizabeth Street
" at C. (Mrs Rohr's) thence Easterly with the South side of Sd Elizabeth
" Street to where it intersects Irish or Main Street, thence with the Sd
" Street, (last Street mentioned) to the Mason's Hall Corner (33 feet
" Westerly of the point of beginning). This work then gave me two
" base lines running Easterly and Westerly & two base line lines run-
" ning Northerly & Southerly. Thence measured Northerly on the
" East side of ~~Main~~ Irish Street from the point of beginning (at A.)
" 33 feet which is the width of Water Street and of all the other Streets
" except East and West Market & German Streets which are 48 feet.
" This measurement then established the North side of Water Street.
" I then measured at right Angles or Northerly the distance 10 poles or
" 165 feet (which is the depth of the Block situated between the South
" side of the public square and the North side of Water Street.
" The same measurement from the South side of Elizabeth (Southerly)
" to Shacklett's Corner gives nearly the same results. To ascertain the
" boundaries of the public square I began in the Centre of East Market
" Street and measured 10 poles each way, 10 poles northerly & 10 poles
Examined) " southerly on Irish Street, making 20 poles running Northerly & Southerly,
" Thence turning off at right Angles to the last mentioned line, on West-
" erly 20 poles & established the extreme North-western boundary, which
" is about 4½ feet from the North Eastern Corner of the Peachy Harrison
" house, thence Southerly ~~Southerly~~ 20 poles established another Corner
" of Sd Court House Square, on Judge Kenney's brick Office on the Western
" side of the Spring branch & about 4 feet below the North East Corner
" of said office & on the Eastern front of the same, next the Spring branch
" Thence Easterly 20 poles to a mark on a pair of Steps leading into a store
" room belonging to Geo. S. Christie & occupied by Dr F.A. Effinger as a
" book Store, which is the point at the end of the 10 poles measuring
" Southerly on Irish Street from a ~~point~~ where the 10 poles crossed the
" Centre of East Market. I then measured from a Point where the 10 poles
" ended, Coming Southerly from Elizabeth to a point where the 10 poles
" going Northerly from Water Street ends & found the distance to be nearly
" 24 poles, which would leave a Space of nearly 2 poles or 33 feet both
" North and South of the Court House or Public Square. I will now accu-
" rately give the distances between the North & South Sides of the Public
" Square, on the North Side of the Sd Square is 33 feet or 2 poles. The only
" on the South Side of Square 28½ feet or 17/10 poles. The only reason
" that can be given of the differences in the Width of the Spaces North and
" South of the Square, I think is; that of inaccurate or Careless Mea-
" surement in the laying out of the town in first place.

" That the original plan of the Town was regular, there is no sort of
" reason to doubt, as even a cursory view will prove. The original plan
" of the Town shows that the squares or blocks (as they are called in large cities)
" Contained 4 acres the sides of which were respectively 20 poles North and
" South and 32 poles East and West. From the investigation and Sur-
" veys above referred to I report that the Northern line of the lots
" situated between the North side of Water Street and the Public
" Square runs parallel with the South line of Sd square leaving a Space
" of 28½ feet between Sd square and Sd lots, the front or North Wall on
" Mrs J.Y. Coffman's lot is situated on Sd line; Various old deeds to which
" I have had access Sustains the view taken in this report. A plat of
