STAFF RECOMMENDATION

APPROVAL

SEPTEMBER 1, 2016

The current certificate of approval is the one used in order to create a subdivision. When this signature panel was created, there was not a Stormwater Manager. As a check and balance measure, staff wishes to add a signature panel for the Stormwater Management Program Administrator so we can be certain all those regulations have also been met. Or at least are ongoing, prior to the subdivision going on record in the Clerk's Office. Staff recommends approval.
