

**Rockingham County
Erosion and Sediment Control
Stormwater Management
Plan Review and Inspection Policy**

Fee Schedule Effective July 1, 2008

The following fees are hereby established for plan review and inspection of land-disturbing activities which require a permit or an agreement in lieu of a plan as applicable:

- (1) For the review of a plan for an individual single family residential unit or similar (\$150.00).
- (2) For the review of a plan for commercial and industrial and other residential land disturbing activities (\$500.00 + \$200.00 per acre or part thereof)

In addition to the above, if the site exceeds one acre the following fees must be included for stormwater management review:

Sediment Basins:	\$100 each
Stormwater Conveyance Channels:	\$50 each
Impact to Watercourse:	\$250 each
Stormwater Detention Basins:	\$250 each

- (3) In addition to Sections (1) and (2) above, if a plan is incomplete there shall be a fee of (\$100.00) for plan review of a resubmitted plan.
- (4) The permit fee for commercial and industrial and other residential land disturbing activities (\$500.00 + \$100.00 per acre or part thereof).

In addition to the above, if the site exceeds one acre the following fees must be included for the stormwater management permit:

Sediment Basins:	\$100 each
Stormwater Conveyance Channels:	\$50 each
Impact to Watercourse:	\$250 each
Stormwater Detention Basins:	\$250 each

- (5) The permit fee for all other land disturbing activities, including agreements in lieu of a plan (\$150.00)
- (6) For the re-inspection of a site previously found deficient. (\$100.00)
