## MASSANETTA SPRINGS ROAD IMPROVEMENT PROJECT DETOUR ROUTE PUBLIC NOTICE

Starting February 18th the Massanetta Springs Road improvement project will officially begin. Phase 1 of this project includes closing a section of Massanetta Springs Road just south of Forest Oaks Lane to approximately 300' south of the Preston Lake main entrance. The road closure is necessary to accomplish the cut and fill required by the new road design and install waterline. Phase 1 of this project is expected conclude in June and we anticipate the entire project will be complete by the end of September, 2019. The attached map shows the proposed detour route. Please contact Pete Kesecker with Rockingham County if you have any questions or would like to be added to our progress update list.

Thank You.
