- ALL GAMES AT WILBUR PENCE MIDDLE SCHOOL

#### **Volleyball Rules Amendment 2020**

1. There will be a visible (portable) scoreboard that will sit at each game site which will keep the official time of the game. The clock will be started at the initiation of the first serve and will run continuously the remainder of the game. It will begin at 40 minutes. Score will be kept in the same manner that it has been.
2. You will be allowed 1 timeout per game with the only possible exception being game 3. Once the official game clock reaches 5 minutes left, there will be no timeouts awarded. So, just to be clear, from the 5 minute mark until the final buzzer, no timeouts will be awarded.
3. Concerning 'in game' calls made by officials, we do not want these calls being debated and argued by players. This takes away from the enjoyment for everyone. If player complaints about calls becomes a problem, the official will give one 'official' warning, the next time, if involving the same player, that player can be removed from the game and ask to leave the gym, as well as suspension from the league.
4. Players not on the submitted roster, as of April 1<sup>st</sup>, are not permitted to play in the playoffs. There is no requirement for games played during the regular season, but regular season play is encouraged. If there are roster changes after April 1<sup>st</sup>, captains are required to get them approved by Rockingham County Parks and Recreation.
5. The top seed for playoffs will get to choose their desired time slot (6:30 or 7:15) and what gym they would like to play in. The second seed will get to choose their desired time slot (6:30 or 7:15) only.
